

Iron County Register

IRONTON, MO. - MAY 6, 1915.

E. D. AKE, EDITOR.

VOLUME XLVIII. NUMBER 48

GRAPE-JUICE (the commercial brand) is all right, I suppose, but, lawakes, it's mighty raw! About as comforting as a bran flap-jack.

WHAT'S the matter with the Bank Examiner? Hasn't been with us for fourteen months. Eight or nine months has been his ad interim heretofore.

If one may credit the daily reports from London, Berlin, Petrograd, and the Bosphorus, there have been a lot of victories and mighty few defeats attending the big war. Yet the death-toll is awfully out of proportion to the "glory" grist.

THE onflow of prosperity brings gloom to the Republican organs and they can conceive of no more awful disaster than that promised them through bountiful crops in the year of grace 1915. It is indeed a righteous cause which thrives under misfortune.

Annapolis News.

We had a fine rain Sunday and hope more will soon follow.

Gardens are looking fine.

William Myers, one of our block system men, is taking a lay-off and visiting his father, James Myers, in Coyote Hollow, in Reynolds county.

D. A. Worley sued some of the people hereabouts on account before Squire Lashley at Des Arc last week.

Timber is getting so scarce that the people are turning their teams out on the range.

The game warden, Mr. Farris, and a young man from Kansas City are buying hogs here for five cents for them, and will ship them to Kansas City. They shipped several cars from Greenville and Ellington and have nearly a car here.

Chas. E. Bolch is loading a car of switch ties and cord wood to-day.

Gus Funk went to Bismarck to-day on business.

John A. Lewis went to Arkansas Saturday to be gone three months.

Wm. (Skip) Lewis and wife went to Piedmont Saturday.

Nimrod Brewer of Bear Branch went to Piedmont Saturday on the local freight. No telling when he will return as it is said he is looking for a helpmate. He has been a widower long enough.

Pete Young is clearing up a farm southwest of Annapolis one mile. It is a fine piece of land, rather remarkable that some one has not put it in cultivation long ago.

Robert Brewer had a fine mule to die last week.

Esquire Kitchell is getting about again with the aid of a cane and gaining strength. He expects to be in Ironton next week on business in the probate court.

Chas. E. Bolch is having some paper-hanging done by a man from Des Arc.

J. M. Hawkins and Thomas Marr of Ironton were here Saturday night with some prospective land buyers. Add Reese, J. T. Webb and Alonzo Miller accompanied them to Reynolds county, where they looked over 6,000 acres. No sale reported yet.

John W. Alcorn is in town to-day and called on John Brewer, who has been sick a long time and is now in a critical condition.

John T. Webb sold his hogs to Mr. Farris.

Lots of chickens coming from Redford to be shipped to St. Louis.

Some one took the pocket knife of Annapolis Justice of the Peace from his desk last Saturday. The guilty party is known and is asked to replace the knife.

Several people from Leatherwood and Crane Pond in town to-day with hogs to sell.

R. C. Knight, my friend, passed through Annapolis to-day, en route to Ironton. Dick tells me that he is now engaged in the timber business in Arkansas and Louisiana—just on the line and can work in either state he chooses.

BULLETIN.

Dinger & Hill, Manufacturers of Screen Doors; also make screen windows on order and do repair work of all kind. Phone 174, Ironton.

Marble Creek Items.

As I haven't seen any news from this place for some time thought I would write a few items. As news is always plentiful in our vicinity.

I tell you, Bro. Ake, things are looking rather dim again this spring as we haven't had any rain down here lately. Am afraid our crops won't be very good again this year.

I attended the funeral of our old friend and Brother, Chas. K. Polk, last Sunday afternoon. Sorry Bro. Polk has passed on before us, as we will miss him. But our loss is his gain.

Among those who attended the funeral from Ironton were: Messrs. B. P. Burnham, John Marshall, Jess Hawkins, Arthur Huff, Wm. Dewey and daughter, Miss Etha, A. V. Polak, and William Whitworth of Arcadia.

Mr. Harry Vance and Miss Bertha Signer attended church at Liberty Sunday.

Mrs. Freda Bell (nee Sunday) of Rio De Janeiro, South America, was visiting her brother, Wm. Shular and family, last week.

Miss Emma White, who is attending high school at Ironton visited home folk Sunday.

Miss Neoma Signer is staying with Mrs. Parks for a few days. We hope to hear of Mrs. Parks' early recovery.

Prof. Gilbert Signer and wife of Bismarck were visiting Mr. Signer's parents last Sunday.

Miss Willye Shular and Miss Anna Polk of this place, who are attending the State Normal at Cape Girardeau, were called home last week to attend the funeral of Miss Polk's father. May God bless her in her bereavement.

The saw mill men on Marble Creek seem to be very busy as orders are plentiful.

Goodland Items.

We greatly fear that the drought is beginning. Every day there are signs of rain, which pass away. Corn and potatoes are coming up and

gardens do not look as well as they should.

Our pastor, Rev. Adams, came sixteen miles to meet his congregation, and was greatly disappointed to find only a few of his members present.

There were a goodly number of children present at Sunday School with well prepared lessons.

Messdames Wadlow and Hodges of Lesterville spent a couple of days last week with their grandfather, Dr. Adams, at Goodland.

Mr. Malloy of Belgrade passed through Goodland on his way to Redmondville.

Clifford Adams made a business trip to Belgrade last week and was caught out in a hard rain and hail storm. It washed the fields and roads in the edge of Iron county washing away some of the plowed ground.

Did ever any one see a heavier bloom of peach, plum and apple trees? We hope they will not be destroyed by drought.

Mrs. Lila Black and her infant son died April 21, 1915, at Goodland, and were buried at Goodwater. Mr. and Mrs. Black were married just a year when she was called away from her sorrowing husband. Bonnie, as she was familiarly called, was a good girl and dearly loved by all her friends.

Dr. Fitzpatrick of Lesterville was called and he and neighbors and friends did all they could for her. But the summons "come up higher" had come from the Master whom she loved. Her mother, whose health has been poor for some time, became delirious and did not realize that her daughter was gone. It is not likely that she will ever recover her reason. She has the sympathy of her friends.

TIMOTHY HAY.

Next Tuesday night. Don't miss the 20th and final installment of the "Perils of Pauline."

PERILS OF PAULINE.

ANGELA.

April 29.

In Fredericktown Where They have had Local Option for Years and Years and Years.

(Fredericktown Democrat-News.)

... Briefly, we want to call attention to a little affair at a steam swing last summer. Did the officers rigidly enforce the law in that instance? Was the whole disgraceful proceeding calculated to increase respect for the law? No, a drunken bully apparently bluffed out the whole police force of the county and town.

... Did not two men drive through the streets of Fredericktown last Saturday night apparently in a very intoxicated condition, waving bottles and drinking from them? Men have repeatedly been seen on the streets of this city in a drunken condition.

... This one more case: Last Friday evening a disgraced family fight was pulled off at the home of Lon Edwards on College Hill. We are informed that the worst possible language was used and the neighbors' children heard it. We are further informed that Edwards, after a series of warlike demonstrations at home, came down town in a drunken condition and that his wife had to come down and lead him home.

From Edgehill.

It is cloudy and looks very much like rain, which is badly needed. It is to be hoped there will be no drouth in 1915.

Farmers are almost done planting corn in this vicinity.

There were four loads of baled hay passed through here to-day, bound for Black.

Chas. Shy had the misfortune of getting several panels of fencing burnt lately.

Sunday School was well attended Sunday at Redmondville.

Mrs. Tila Black, of Goodland, wife of Willie Black, died Wednesday at 2 p. m. Her remains were laid to rest in the Goodwater Cemetery.

Mr. Jim Fenton made a business trip to Doyle Tuesday.

April 27, 1915. SUN BONNETS.

Reformers and Skates.

The roller skate is "coming back."

It never really went out, as far the children are concerned. Now, how-

ever, young ladies have taken it up—not in skating rinks, by the way, but in the open air,—for exercise and fun on the side walks and smooth pavements of the city streets.

On any fine evening on the best and most exclusive streets in the residence districts of Chicago, groups and couples of girls from 18 to 22 may be seen gliding along over the smooth surface of the walks.

The fad has struck many of the smaller places in different parts of the country and already the village kill-joys are protesting and calling for laws to prohibit skating on the sidewalks. It was ever thus. No sooner does youth find a new way of amusing itself—no matter how innocent—than some long-faced, vinegar-blooded reformer is out with a protest and a demand that the young be presented with the alternative of abandoning their fun or becoming criminals by the infraction of a prohibitory ordinance.

There was at one time a well-grounded prejudice against skating rinks. These places, nowadays, are usually so well conducted that they are comparatively safe. But there can be no just objection to the young girls bringing the bloom of health to their cheeks by such beneficial exercise as roller skating on the sidewalks of their own home town and in company with the same girls with whom they associate at other times. Let the reformers purchase roller skates and use them. It will work off the bile and give them a brighter outlook on life.

To Prevent China Chipping.

A good way to prevent fine china and cut glass from chipping while being washed is to put an old Turkish towel in the bottom of the dishpan.

One Way of Avoiding Germs.

There is nothing better adapted for catching germs than gelatin and for this reason dishes containing it should never be allowed to stand about uncovered.

Perhaps He Had None.

A fellow has his face shaved, hair cut, shoes polished, clothes pressed and hat brushed, then pays no attention whatever to his dilapidated cocoon—Toledo Blade.

For Sale—Two fine milk cows, fresh. Apply to J. Boss, Middlebrook.
